RENEWABLE ENERGY CONGRESS & EXHIBIT
DECEMBER 18, 2020 | 1-5 PM

3rd Renewable Energy Congress and Exhibit, and 1st iCREATE 2020

TC The Centre

Dec 11 1:00 PM - Dec 18 5:00 PM

The Centre and Friedrich Ebert Stiftung (FES)-Philippines – in cooperation with the Center for Renewable Energy and Appropriate Technologies-Ateneo de Davao University- Mindanao Renewable Energy Center, Mindanao Development Authority, and New Energy Nexus – are organizing its first-ever virtual multi-stakeholder event in the desire to continue to bring together key stakeholders despite many limitations due to the pandemic. This online event aims to continue to provide a venue for learning from and collaboration to attain viable energy solutions that will lessen the impacts of the pandemic, climate change, and economic crises. Speakers from the government, energy industry, academe, and people's organizations will tackle policies, practices and challenges to make energy sufficient, affordable, sustainable, resilient/adaptive, inclusive, and generally responsive to the call of the times.
